Kerry Port

MESH

Mesh is a durable PVC product suitable for indoor and outdoor use, featuring a moderate hole size that allows for optimal ink coverage, visibility, and air flow.

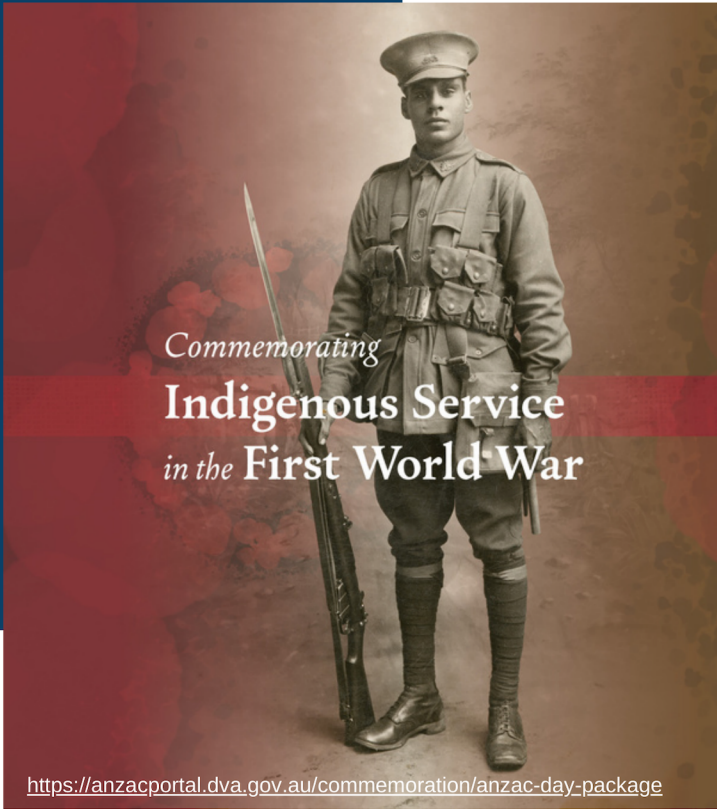

At MMT Print, we exclusively utilise premium quality mesh that meets Australian Standard Fire Rating, ensuring your client's message is presented in top-notch quality.

Mesh banners have versatile applications, such as enclosing event spaces or construction sites with perimeter fencing, showcasing advertising on scaffolding or workplace fences. Installing them is straightforward, and it's essential to utilise every eyelet when mounting them on temporary fencing – after all, why else would the eyelet be there?

01/02

Change is an inevitable aspect
of life.

ANZAC DAY 2024

On the 25th of April, we honor Anzac Day, marking the anniversary of the Australian and New Zealand soldiers' landing on the Gallipoli beaches in 1915 during the Allies' invasion.

This day pays tribute to over 1.5 million men and women who have served Australia in various conflicts, wars, and peacekeeping missions. It is also a moment to reflect on the 103,000 Australians who made the ultimate sacrifice while serving their country.

MEET OUR TEAM

"Individual commitment to a group effort – that is what makes a team work, a company work, a society work, a civilization work." Vince Lombardi

Kerry Port

Kerry has been rocking it at MMT Print for 5 years, sprinkling her magic in the Accounts Department. Starting as a part-time wizard, she waved her wand and turned full-time 3 years back, making a great escape from the never-ending household chores.

Her journey began as the "Friday Night Shampoo Girl" at her dad's salon. When not crunching numbers, Kerry's dancing her heart out at a Ricky Martin concert at Boondall, swaying to the beats of Pop/Dance music.

If not at MMT, you'd find Kerry basking in the sunny vibes of the Maldives, living her best life under the sun.
